

## **Amending Mining Claims**

**Mining claims can be amended on one certificate of location if the claims are contiguous. Please list the original certificate of locations recording document number and the reason you are amending the claims. When the claims are amended on one form, the cost is \$22.50 for the first claim listed on form and \$8.50 per each additional claim on form. This saves the miner the \$14 additional for each claim.**

**Amended map fee is \$14 and requires the original map recording document number and the reason you are amending map.**
